

Call for Proposals Grants for Third Party CSO Policy Influencing and Advocacy under the BRACE Project

The partnership of A Rocha Ghana, Wacam, and the Nature and Development Foundation, under the **B**uilding **R**esilient and **A**ctive **C**ommunities in **E**xtractive Landscapes (BRACE) Project, invites applications for CSO funding support across three thematic areas to augment policy influencing and advocacy, on evidence gathering, and respect for human rights interventions within the extractive sector under the project. The overall aim of the project is to contribute to achieving sustainable and equitable environmental management and good natural resource governance by communities, government and private extractive sector actors in Ghana.

Thematic Focal Area 1

General CSOs intervention for Sustainable Minerals Governance in the Extractive sector.

This funding targets CSOs working in the extractive sector. A total of **four (4)** CSOs will be selected based on defined eligibility criteria. The funding will support activities aligned with; evidence gathering, advocacy and engagement with duty bearers; awareness-raising with affected communities; and communications.

Total Budget under this thematic area is GHC 440,000 (GHC 110,000 for each successful applicant organisation).

Thematic Focal Area 2

CSO's working in CREMA landscapes.

This support is for CSOs located within the operational areas of the targeted CREMAs below to support in the implementation of CREMA management plans, with a focus on the following areas: Resource Utilisation, Resource Improvement, Resource Monitoring, and Resource Protection.

Targeted CREMAs include:

NO	CREMA	REGION
